HOW TO MAKE LONG DISTANCE CALLS

Station-to-Station Calls – Dial the operator, except in the offices listed in the following paragraph, and give her the city, state and telephone number. If you don't know the number, give her the name and address of the party you are calling and say you will speak to anyone at that number.

Users of CLoverdale 1, EMpire 6, GLenmore 1, HIckory 3 & 4, HYacinth 1 and MIdway 7 non-coin telephones can dial station-to-station long distance calls to many places without operator assistance. (See pages 4-6.)

Direct Distance Dialing will be available to many other Brooklyn central offices beginning early in 1959. See page 4 for list of central offices and dialing instructions.

Person-to-Person Calls – Dial the operator and give her the names of the city, state and person, specific department or extension you are calling, and the telephone number, if you know it.

Collect Calls – Dial the operator and tell her that you are placing a collect call. If the called party agrees to accept the charges, you will be connected.

Overseas Calls – Dial the operator and ask for the overseas operator. You can call practically any telephone in the world – on land or ships at sea.

Mobile Calls – Dial the operator and ask for the mobile service operator. You can make calls to cars, trucks, trains and boats equipped for mobile telephone service.

TO REACH BROOKLYN FROM DISTANT POINTS

Long distance dialing without operator assistance is continually being extended to more and more users. Telephone users in many distant places can dial you direct by first dialing a 3-digit area code. Your area code is 212. Those who require it to dial you may ask you what your area code is.

TYPICAL LONG DISTANCE RATES

These typical rates from Brooklyn are for the first 3 minutes. Bargain rates are in effect every night after 6, all day Sunday and Thanksgiving, Christmas and New Year's days. The time of day at the calling point governs the application of these rates. For rates to other points, dial the operator.

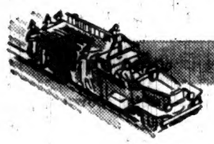
A federal excise tax of 10% applies to the total charges for any long distance call from non-coin telephones. From coin telephones, there is no tax on calls totaling 20 cents or less, but on calls of 25 cents or more the tax is 10% computed to the nearest multiple of 5 cents.



ON THE COVER

THE HANDSOME MAIN ENTRANCE of the imposing Brooklyn Public Library faces the Plaza of the Grand Army of the Republic. The gold figures on the columns represent the evolution of the sciences and arts, while those emblazoned on the bronze screen depict figures from many of the most popular American stories.

Dedicated on March 29, 1941, the Library is one of the most beautiful and modern in the world. It houses over 700,000 volumes, circulates nearly a million books a year, and is used by about three-quarters of a million people every year.

EMERGENCY CALLS

In an Emergency — Dial the Operator

. . . tell her "This is an emergency call" . . . give her your telephone number and say:

"I want to report a FIRE," or

"I want a POLICEMAN," or

"I want the COAST GUARD," or

"I want an AMBULANCE."

If you cannot stay on the line tell the operator where help is needed.

Federal Bureau of Investigation (FBI) – LEhigh 5-7700 – 201 East 69th Street, New York 21, N. Y.

EMERGENCY CALLS ON PARTY LINES

WARNING: The Penal Law of the State of New York provides that "any person who shall willfully refuse to immediately relinquish a party line when informed that such a line is needed for an emergency call to a fire department or police department or for medical aid or ambulance service, or any person who shall secure the use of a party line by falsely stating that such a line is needed for an emergency call, shall be guilty of a misdemeanor." The law defines an "emergency" as "a situation in which property or human life are in jeopardy and the prompt summoning of aid is essential."

CALLS TO THE TELEPHONE COMPANY

No charge for calls below except to WEather 6-1212 and MEridian 7-1212

For Telephone Repairs ..... **dial 611 for "Repair Service"**

For Telephone Numbers Not in Your Directory

– New York City, Long Island, Westchester and Rockland counties and vicinity and northern New Jersey ..... **dial 411 for "Information"**

– elsewhere ..... **dial the operator**

For Assistance in Calling ..... **dial the operator**

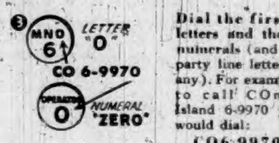
For Business Transactions

(Orders for service, billing matters, rates and charges, etc.) ..... **dial 811 for "Business Office"**

For Time of Day or Weather Forecast ..... **dial MEridian 7-1212 (time) or WEather 6-1212 (weather)**

– Other matters – look under "NY TEL CO" in this directory.

HOW TO USE YOUR TELEPHONE



THREE EASY STEPS IN DIALING

Have the right number. Look up all numbers you are not sure of. Write them down. Refer to them while dialing.

Always listen for the dial tone – a steady hum.

Dial the first 2 letters and the 5 numerals (and the party line letter if any). For example, to call COney Island 6-9970 you would dial:

CO6-9970

In each case, turn the dial until your finger firmly touches the finger stop.

If you reach a wrong number, be sure to obtain the name of the central office and city reached and notify the operator promptly. She will make the necessary adjustment so you will not be billed for that call.

If you have trouble in dialing, dial Operator (numeral zero). She will be glad to help you.

If you are cut off, report this promptly to your operator so we can properly adjust the charge for the call.

If you make an error when dialing, or your finger slips, hang up for a moment, lift the receiver, wait for the dial tone, then dial the complete number again.

If you know you're dialing another party on your line, dial the operator, give her your number and the number you wish to call, stating it is another party on your line. Hang up. The operator will ring the other telephone. When they have had time to answer, lift your receiver and begin the conversation.

THE MESSAGE UNIT CALLING AREA—

The Message Unit Calling Area comprises the five boroughs of New York City, the part of Westchester shown on the map, Nassau County, Amityville, Cold Spring Harbor and Farmingdale, L. I.

WHERE YOU CAN DIAL

From CLoverdale 1, EMpire 6, GLenmore 1, HIckory 3 & 4, HYacinth 1 and MIdway 7 non-coin telephones, you can dial calls to all points in the Message Unit Calling Area listed on the next page and also to many other places throughout the United States (see *pages 4-6*).

From all other non-coin dial telephones, you can dial calls to points in the Message Unit Calling Area listed on the next page with the following exceptions:

1. Dial the operator for calls to AMityville 4, CHapel 9 and MYrtle 1-2-4.
2. From offices in the list on page 3 designated by an asterisk (*) dial the operator for calls to LYric 2, MEdford 1, ROckwell 1, RYe 7, WEstmore 7 & 9, WHite Plains 6-8-9 and WOodbine 7.

Your Charges Explained

From all telephones *(except coin telephones),* the charges for calls completed to any point within the area covered by the above map are computed in terms of "message units." The number of message units is not necessarily the same as the number of phone calls made. The units charged for each call depend on the distance called and the length of the conversation. Message units in addition to the number allowed monthly are charged at 5 cents each.

From coin telephones, the charges for calls completed to points in the area covered by the above map may be figured by using the message unit table on the opposite page. Charges from coin telephones are at the rate of 5 cents for each message unit with a minimum of 10 cents per call. Overtime charges are as follows:

For a call costing:	You can talk up to:	Overtime charges:
10¢	5 minutes	5¢ for 3 minutes
15¢ or 20¢	5 "	5¢ " 2 "
25¢	5 "	5¢ " 1 minute
30¢	4 "	5¢ " 1 "

Calls to points within the Message Unit Calling Area can be "collect" or "person-to-person" if the message unit charge shown on the opposite page is 3 or more message units for the initial period. The charges are billed separately at the rate of 5 cents per message unit plus an added charge of 10 cents per call. From all telephones, collect and person-to-person calls should be placed with the operator.

Possible New York City Tax Refund

YOU MAY OBTAIN REFUND of the New York City sales tax paid (or avoid payment of such tax in the future) on calls from New York City to southern Westchester, Nassau County, Amityville, Cold Spring Harbor and Farmingdale charged for on the second line of your telephone bill. Claims may be made by furnishing your Business Office with information (based on records or reasonable estimates) concerning such calls.

The amount of the refund is 3% of the charge for message units used on such calls. For example, if 10% of your message units are for Nassau and southern Westchester calls, and your message unit charge (shown on the second line of your bill) is $10.00, you are not taxable on 10% of $10.00, or on $1.00. The tax on $1.00 is 3¢ so you would be entitled to a 3¢ refund.

Your Business Office will be pleased to furnish the appropriate application forms.

AND CHARGES FOR CALLS

How to Figure the Charges for These Calls

1 In the list of central offices below, determine the zones in which the telephone you are using and the one you are calling are located.

2 In the table below, determine the message units charged for station-to-station calls for the initial period *(first 4 or 5 minutes of a call.)*

THE GROWING DIRECT

For Station-to-Station calls ONLY from Non-coin Telephones in Central Offices Listed Below.

It's Simple to Dial Your Long Distance Calls—Just Read This Carefully

Dialing to distant points is as easy as dialing a local number, except that you first dial a 3-digit area code. Some of the hundreds of points that are dialable and their area codes are listed on the following pages. Your operator will be glad to tell you whether any other place in which you are interested is dialable and, if so, to advise you of the proper area code.

To find a number you don't know that is not in your directory and is in New York City, Long Island, Westchester and Rockland Counties and vicinity, or northern New Jersey points listed under area code 201, dial Information—411. For other numbers dial the operator.

For person-to-person and collect calls dial the operator *(see inside front cover)*.

We don't want you to be charged for a wrong number. If you reach a wrong number, try to obtain the name of the central office, city and state reached. Report it to the operator promptly to avoid being billed for the call.

This information applies **NOW** to users of non-coin telephones in:

CLoverdale 1 — **HIckory 3 & 4**
EMpire 6 — **HYacinth 1**
GLenmore 1 — **MIdway 7**

Example of how to dial:

To dial MItchell 2-9970 in New Jersey, first dial the area code 201, then the number MI 2 9970

BEGINNING EARLY IN 1959 this information will apply to users of non-coin telephones in:

BEachview 2 — **DIckens 2-5-6** — **MAin 4 & 5**
BEnsonhurst 6 — **EVergreen 3-5-9** — **NIghtingale 9**
BRowning 2 — **HYacinth 4-5-6-8** — **TErrace 3 & 7**
CLoverdale 6-7-9 — **JAckson 2** — **TRiangle 5**
DEwey 1 — **ULster 1-2-5-8**

Example of how to dial:

To dial MItchell 2-9970 in New Jersey, first dial the area code 201, then the number MI 2 9970. When you hear a quick, high tone give the number *from* which you are calling to the waiting operator.

Direct Distance Dialing will be available in many other Brooklyn central offices by the end of 1959. Customers affected will be advised in advance when they will receive this service.

Your own area code is 212. Those who require an area code to dial you direct from distant points will use it, and may ask you what your area code is.

To call NEW YORK CITY numbers,
(Staten Island, Brooklyn, Manhattan, Queens, Bronx)
or NASSAU COUNTY numbers,
(Except in those central offices listed in AREA CODE 516)
or WESTCHESTER COUNTY numbers,
(Except in those central offices listed in AREA CODE 914)

Out-of-Town Telephone Directories

Out-of-town telephone directories covering most places in the U. S. and Canada can be consulted at the New York Public Library, 5th Ave. and 42nd St., Manhattan; Queensborough Public Library, 89-14 Parsons Blvd., Jamaica, Queens; and the Brooklyn Public Library, 197 Montague St., Brooklyn. Some books are also available at rail, bus and air terminals and telephone company business offices.

'Beep' Tone Indicates Conversation Being Recorded

A short high-pitched "beep" tone heard on the telephone line about every 15 seconds means that the person with whom you are talking is recording your conversation by means of his recording machine connected to the line.

This signal is provided by the telephone company for your protection. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects his recorder, the signal is no longer heard. Use of a recorder without this signal is unlawful.

Employee Identification

Every employee of the telephone company authorized to install, inspect, repair or remove the company's apparatus carries a card showing the company's name and the employee's number and photograph. Other telephone employees and directory delivery men also carry suitable identification. We suggest that customers refuse access to their premises to anyone who represents himself as from this company but who cannot so identify himself.

Attachments to Telephones & Directories

All equipment furnished and directories leased or furnished without specific charge by the telephone company remain its property. Many items, offered free or sold by others for attachment to telephone instruments, directories and other telephone property, interfere with service and infringe on the company's property rights. The telephone company reserves the right to remove such unauthorized attachments and devices from its directories and equipment. Whenever any communication equipment is required for a particular need, please call your telephone Business Office.

"I'm Your Business Office Representative. May I Be of Service to You?"

"IN THESE INTRODUCTORY PAGES we feel that we've included the most important items affecting you as our customer. If you do not find the answer to your question about service I will be glad to discuss it with you. Just call me anytime between 9 and 5 Monday through Friday (except holidays). If you are calling from your own telephone just dial 811. After Business Office hours, for emergency establishment of service, dial the operator and ask her for 'Dial 9-Official 10.' For transactions involving directory advertising accounts, dial EXchange 0-1212.

"Oh yes, I might suggest your looking over the many equipment items and services in these pages and page 4 of the "Yellow Pages", a separate classified telephone directory (the Red Book). I'll be glad to give you further details when you call – and perhaps you may wish to place your order then."

Our Customer Service Bureau — An Aid to Business People

Business people interested in improving telephone communications at their firms or business establishments can obtain the free services of the telephone company's Customer Service Bureau. Helpful advice on how to make more effective use of telephone service is available from the company representative who will visit the customer's premises on request. Call the Business Office – dial 811 – and arrange for an appointment.

Planning to Build, Remodel or Buy?

Make your dream house a "telephone planned home" and you will enhance its appearance and add to its resale value. Plan from the start by arranging for conduits for concealed telephone wiring within the house walls. Our *Telephone Planning Service* provides advice to builders, architects and individuals, without charge. When considering the purchase of a new home look for the above seal, the symbol of a "telephone planned home." Call the Business Office (dial 811) for free booklet.

EQUIPMENT AND SERVICES

The Yellow Pages Open Your Business Doors

Your business listings and advertisements under appropriate classifications in the Yellow Pages will open the doors to potential buyers of your products or services. Many people in a buying frame of mind refer to the Yellow Pages with confidence when looking for complete coverage of *"who sells or services it."* For expert advice at no obligation, call ORegon 9-4000, The R. H. Donnelley Corporation, 305 East 45th St., New York 17, N. Y., our sole authorized directory advertising representative.

Color Telephones Give Beauty, Convenience

Today's living includes comfort, convenience and beauty. Right in step with this thinking are additional telephones in rich decorator colors. Suitably located in the kitchen, bedroom, workshop or teen-ager's room, additional telephones in desk or wall type are just a few cents per day each, plus a one-time charge for the color. To add a touch of brightness to any interior . . . to save steps and time whenever the telephone rings . . . call your Business Office today and order your extensions in color.

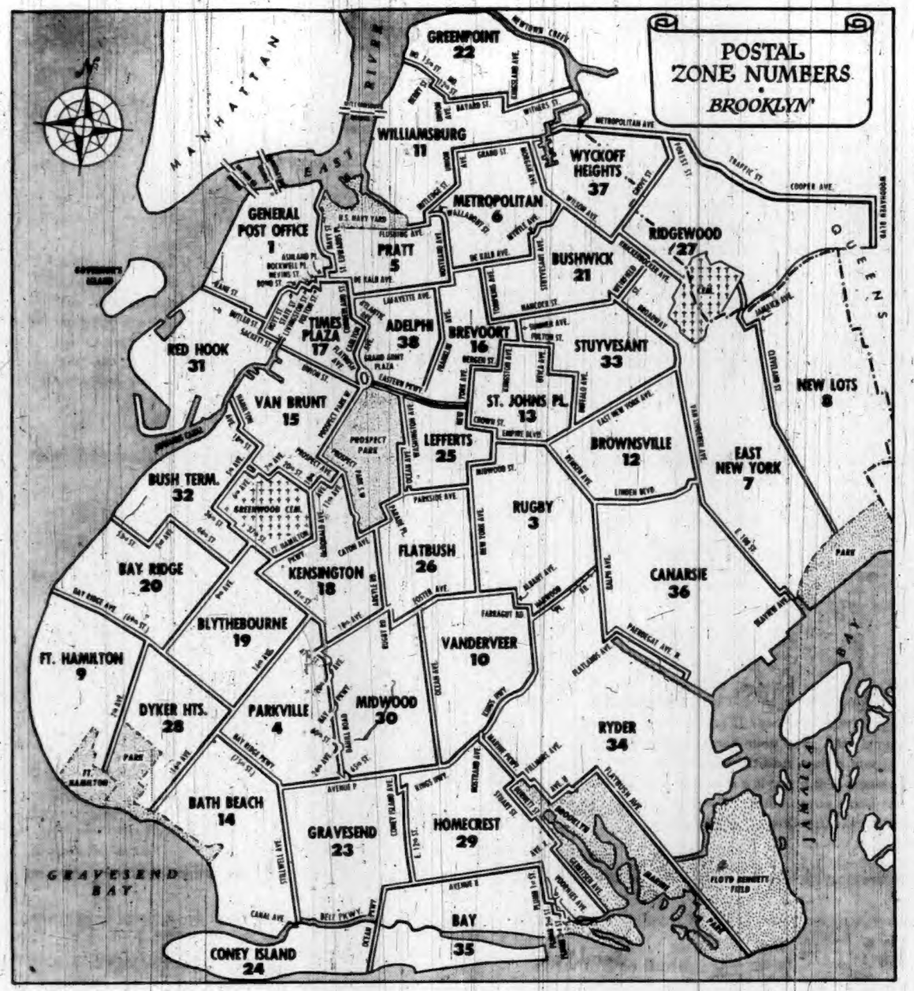
Your Directory Listings Help Your Callers

Can all members of your household or firm be located through the alphabetical listings in this directory? If not, take stock of your requirements and call your local telephone business office without delay. Additional listings for your family and business will make it easier for potential callers who do not know your number. The cost is small – as little as a cent and a fraction a day per listing.

Free Booklets For Telephone Numbers

That handy telephone number when you need it is the key to the quickest, easiest way of making your calls. Start now to record numbers called frequently in the Blue Book of Telephone Numbers, which is yours on request. It comes in two convenient sizes – for the pocket or handbag and for the desk. It's available now by calling the Business Office (dial 811).

Send Your Telegrams By Telephone



You may telephone telegrams, cablegrams or radiograms to The Western Union Telegraph Company following instructions shown under the listings of that company in this directory. The telegraph charges will appear on your telephone bill. You may also telephone your telegrams from coin telephones, paying as you would for a telephone call.

Roadside Phones At Your Service 24 Hours Daily

No matter what the hour, night or day, you can make your calls from outdoor telephone booths conveniently located at bus stops, outside gasoline stations, shopping centers and along parkways. On a trip, when you want to call ahead, just look along the road for the familiar phone booth, which means that fast and dependable telephone service is available.
